Förderkurs at Sekundarschule Hüenerweid

### Great News from the Cambridge

Auch dieses Jahr haben Schülerinnen und Schüler des Englisch-Förderkurses der Sekundarschule Dietlikon die Cambridge-Prüfungen PET, KET, First Certificate (FCE) bestanden. Eine Schülerin schreibt darüber. Natürlich in Englisch. Herzliche Gratulation allen Schülerinnen und Schülern!

We made it and it 98% pass is not bad for a secondary school like ours!

As mentioned from previous articles, our school offers pupils (who come voluntarily), the Cambridge examination courses on a Wednesday afternoon. These preparatory courses are open to every pupil and it makes no difference whether they come from Sek A or B and even C, or whether they are in the first, second or third year at Hüeni.

I appreciate the course because it's not only school, school, school! We also have some fun in between the exam tasks. Speaking for myself, I

enjoy the time just learning and speaking with fun!

On exams day, I was able to observe the «Hüeni-Spirit» at its best. Although we were nervous and excited especially before the «speaking» test, all of us supported one another. Some even managed to crack jokes that made everyone laugh!

For the June 2012 exams, more than 20 pupils attempted the exams at different levels, from the KET to the FCE. Two of our third year pupils, namely Alexander Cox and Michael Schwarz, even attempted the Cambridge Advance Certificate despite being only 15 and as Michael said to our teacher after their speaking task: «We nailed it!» Congrats to the two of you.

Thank you Huenerweid for giving us the opportunity. Thank you to the School Board and our Headmaster for making it all possible.

On behalf of all the pupils,  
*Sabrina Waelti*
